The Hub

Wanted Tea Cents.

Almost every day some hobo comes into the office and tells his tale of woe. Their stories differ widely. Today one presented himself and told his story which was a little out of the ordinary. He came in briskly and said:

"Say boss, lend me ten cents, I have been playing in blamed hard luck and am broke. My mother-in-law just died and I had to bury her. You ought to have seen what a send off I gave her—rose wood coffin with silver handles. It was expensive but I sent her across the river Styx in grand style. Hired a brass band and a big preacher. But it broke me, so I want to get ten cents to help brace me up after all my troubles."

"Won't let me have it! Bad luck sticks with a fellow when it once catches him. So long, old man, this town is going the road of my mother-in-law mighty fast."

Poisons engendered by foul fermenting in a dyspeptic stomach are the direct cause of rheumatism, gout, bronchitis, liver and kidney complaints, asthma, pneumonia and many nervous ailments.

These results are prevented by the use of the Shaker Digestive Cordial, a remedy discovered and prepared by the Shakers of Mount Lebanon, N. Y. It is in itself a food and has power to digest other food taken with it. Thus it rests the diseased stomach and finally masters the worst cases of dyspepsia. It acts promptly and fresh strength and increase of weight soon follows. The first dose taken immediately after eating, abates the pain and distress so dreaded by dyspeptics. Trial bottles—enough to prove its merit—10 cents. Laxol is the best medicine for children. Doctors recommend it in the place of Castor Oil.

BICYCLE RACE.

Exciting Contest at the Wheelery Last Night.

An exciting and unique bicycle contest was witnessed at the Wheelery last night by a large number of people. Frank Kercheske went against Harry Hodapp and Albert Kaufman, two of Seymour's best young riders.

In each of the front windows was placed a "Success" wheel mounted on one of Myers home trainers. The wheels are exactly the same make and gear.

At 7:30 o'clock Frank Kercheske mounted one wheel and Harry Hodapp the other and the contest began. While the bicycles were stationary the pedals and rear wheels moved at a rapid rate. Hodapp and Kaufman alternated in heats of fifteen minutes each while Kercheske kept going the full hour.

When the first half hour was up the cyclist on Hodapp and Kaufman's wheel showed 11 miles and on Kercheske's wheel 13 miles. At the end of forty-five minutes Hodapp and Kaufman had covered 17 miles and Kercheske 19 miles. When the hour was up, Hodapp and Kaufman's cyclometer marked 23 miles and Kercheske's 25 miles. The contest will be continued this evening.

Deafness Cannot Be Cured.

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When the tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result and unless the inflammation can be taken out, and this tube restored to its normal condition or hearing will be destroyed forever, nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Props., Toledo, O. Sold by druggists, 75 cents. Hall's Family Pills are the best.

SEA DACH—Eured in 20 minutes by Dr. Miles' Pain Pills. "One cent a dose." At all druggists.

CURRENT TOPICS.

Themes Which Men and Women Discuss About on Street Cars.

A certain physician of this city, who never neglects an opportunity to study the traits of the people among whom his business takes him, has been making some observations recently that may serve as a basis for estimating the character of the average modern American.

"I have to travel on street cars a good deal," the physician said in explaining his course of procedure, "and I hear all kinds of people talk. A short time ago I thought I would keep a record of the words most frequently used within my hearing by people of all classes.

"I omit names, profanity and vulgarity, but otherwise this list, which represents one week's street car conversation, is absolutely correct. Here, then, is a summary of what married men talk about:

"Dollars mentioned within my hearing, 407 times; business, 295; money, 206; dollar, 194; stocks, 163; bonds, 152; job, 81; son, 63; daughter, 11; wife, 4; literature, 0; music, 0; art, 0.

"Young men, unmarried: Corker, 502; daisy, 467; girl, 416; beauty, 391; fairy, 306; winner, 303; stunner, 284; hummer, 251; dance, 104; party, 87; old man, 88; fight, 79; money, 72; dollars, 60; no good, 42; cigarette, 31; college, 1; literature, 0; music, 0; art, 0.

"I intend," concluded the doctor, "to pursue this subject further, and may be able to give additional figures that will be interesting."—Cleveland Leader.

John R. McLean's Great Newspaper.

Without a single exception, there is beyond doubt no greater or more popular newspaper in the United States than the Cincinnati Enquirer; or a more successful publisher than its proprietor, Mr. John R. McLean.

The old-time prices for the Daily Enquirer have been maintained, and its circulation largely increased each year; hard times and cheaper journals failing to arrest its onward march and high appreciation of the public for its true worth and merit.

The Weekly Enquirer at beginning of the campaign year was offered at 50 cents a year, and its circulation increased by the addition of over 200,000 new subscribers; the most substantial and coveted testimonial a publisher could desire.

When asked for the secret of such success, Mr. McLean frankly answers: The Enquirer has no opinions to force upon its patrons, it simply prints the facts and tells the truth that the reader may form his own opinions. By maintaining the price of the paper, more news and greater variety can be furnished, and every class of business interests catered to, which a cheaper journal cannot afford.

The very liberal support given the Enquirer by the public at large, makes incumbent upon the management to serve it faithfully with zeal and enterprise in minor matters as well as those of greater magnitude.

Three Women Tortured Until One Reveals the Hiding Place of Money.

NEW PHILADELPHIA, O., May 11.—Mrs. Elizabeth Balliott and her two daughters, Elizabeth and Emeline, who live on a farm near this place, had a terrible experience with masked burglars. There were four of the robbers. They battered down the front door with a rail. Mrs. Balliott and Elizabeth, who sleep together downstairs, were bound and, when they refused to tell where their money was hidden, one of the robbers struck Elizabeth on the head with a club, injuring her most seriously. Then the robbers went upstairs. They asked Emeline where the money was. She refused to tell, and the robbers applied a torch to her feet, burning them terribly. She then told them there was money in a trunk in her room, which they took and left the place. No trace of the robbers has been found.

Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed when the languid, exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Headache, indigestion, consumption, dizziness yield to Electric Bitters. 50c and \$1.00 per bottle at Wm. F. Peter's drug store.

The Best Remedy for Rheumatism.

From the Fairhaven, N. Y., Register.

Mr. James R. Rowland of this village, states that for twenty-five years his wife has been a sufferer from rheumatism. A few nights ago she was in such pain that she was nearly crazy. She sent Mr. Rowland for the doctor, but he had read of Chamberlain's Pain Balm and instead of going for the physician he went to the store and secured a bottle of it. His wife did not approve of Mr. Rowland's purchase at first, but nevertheless applied the Balm thoroughly and in an hour's time was able to go to sleep. She now applies it whenever she feels an ache or a pain and finds that it always gives relief. He says that no medicine which she had used ever did her as much good. SENATE AND HOUSE

Senator Turpie Speaks on the Morgan Cuban Resolution.

HOUSE ADOPTS A SPECIAL RULE

Consideration of Senate Amendments to Sundry Civil Bill Begun—Tariff Commission Law Introduced—Wheat Crop Reports—President Will Visit Philadelphia—Dividends Declared.

WASHINGTON, May 11.—The Morgan Cuban resolution was discussed at considerable length in the senate yesterday. For the first time since the debate began the opposition sentiment expressed itself. The speeches were not a kind to stimulate the galleries, being in the main calm and dispassionate reviews of the situation in Cuba. Mr. Hale maintained that it would be most unwise to embarrass the president by the adoption of these resolutions at a time when he was investigating the subject. He intimated also that the adoption of the resolution would lead to the withdrawal of the Spanish minister and that to the termination of diplomatic relations between Spain and the United States. The senator said few real Americans were imprisoned in Cuba.

Referring to the reports that another Spanish loan was being negotiated, Mr. Turpie (Dem. Ind.) said: "Spain is now on its last legs financially. Shall we fill up her treasury; are we charged with supporting and maintaining the Spanish credit? Is it our duty to support the armies and navies of Spain on land and sea in her vain efforts to subject the patriots of Cuba once more to the oppression of the Spanish yoke? I think not. But the senator from Maine says that if we pass the resolution the Spanish minister will ask for his passports, break up diplomatic relations and go home. I do not attach much importance to that consequence. Ministers have heretofore received their congés and gone away without destroying the political, geographical or physical equilibrium of the American hemisphere. I do not attach the slightest importance to the fact that the Spanish minister may be instructed to ask for his papers, to suspend diplomatic relations and to go home."

The resolution went over for the day.

House Gets to Work.
The house yesterday resumed the transaction of public business which had been suspended since the Indiana appropriation bill was sent to conference three weeks ago. The consideration of the senate amendments of the sundry civil appropriation bill was entered upon under a special order providing for a recess each day until disposed of. Mr. Simpson of Kansas pursued his tactics of the majority with points of no quorum, but without success and the Democrat's lack of harmony on the subject of party policy was again in evidence.

Mr. McMillin and Mr. Bland both criticized the method of procedure pursued by the majority. The former said it marked the continued decadence of the rights and powers of individual members and the latter declared that it was an outrage to force legislation through the house without consideration by or information from a committee appointed to examine it.

On the question of the adoption of the order the Democrats divided. Mr. Bailey and his followers voting with the Republicans and several of the Democrats including Mr. McMillin and Mr. Bland with the Populists against the order. The vote resulted 111 to 15.

When the forest reservation amendment was reached Mr. Lacey moved concurrence with amendments providing for the suspension of Mr. Cleveland's executive order until March 1, 1898, shall go into effect, and substituting what is known as the McRea bill for the provision permitting the use of bonafide settlers of timber and stone on such reservations. He criticized the senate provisions restoring to the public domain the reservations created by the order of President Cleveland last February. He thought the order should simply be suspended pending an examination. If the senate provision became a law, he said, the lands could not be reserved until they had been surveyed, perhaps years hence. He said some of the most bitter opposition to the order undoubtedly came from the headquarters of mine operators. He thought the suspension should not be for more than one year, as was originally proposed in the

EASTERN SITUATION

Another Greek Cabinet Crisis One of the Probabilities.

WHAT GREECE MUST AGREE TO

She Must Accept Unreservedly the Counsel of the Powers—Greek Fleet Leaves Volo—Sultan's Sympathy For King George—Greek Retreat to Thessalonica Was a Great Blunder.

ATHENS, May 11.—The recall of the forces from Crete has been received with resignation by the public. The Belyannis organs attack the government bitterly for appealing to Europe, but most of the papers accept this as inevitable, and violently attack the Ethnik Hetairia, asking it to render an account of its action.

The Greek army now occupies all of the passes from Lake Xynias, south of

dent of The Daily Chronicle says: "The real and only cause of the Greek retreat to Thessalonica was the blunder of one who mistook the retreat of the enemy for a forward movement designed to outflank the Greeks, and therefore ordered a hasty retreat. Crown Prince Constantine left Larissa because he believed the exaggerated reports of danger to his forces. It is a fact, however, that on the evening of the retreat, Edhem Pasha, despairing of breaking the Greek lines, had ordered his army to retire to Elasona, while the sultan had dispatched a special commissioner to the Greek government. The state of the Turkish army at the moment was simply pitiful, and terror reigned at the Yildiz Kiosk."

Desires to Deal Direct With Greece.
LONDON, May 11.—According to private advices received in London from Constantinople the sultan has expressed deep sympathy for King George and the Greek government whose hands, in his opinion, were forced by revolutionary agents at Athens and Alexandria. The sultan according to these advices declines to claim a war indemnity and proposes a Turko-Greek treaty upon the simultaneous evacuation of Thessaly and Crete. Finally, it is said, the sultan desires to deal direct with Greece and not through the powers.

Coal Breaker Burns.
WILKESBARRE, Pa., May 11.—Fire was discovered in the Spring Mountain breaker No. 4 of the Lehigh Valley Coal company at Jeannette, early this morning and 40 minutes after the structure was in ashes. The breaker had a capacity of 800 tons of coal a day and 500 men and boys will be made idle. Loss, \$75,000; fully insured.

Voted the Anti-Cigarette Bill.
LANSING, Mich., May 11.—Governor Pingree has vetoed the anti-cigarette bill which makes boys under 17 years of age liable to imprisonment for smoking cigarettes. The governor says it is a parental, not a state duty, to correct bad habits in children.

Severe Seismic Shock.
MELBOURNE, May 11.—A severe seismic disturbance took place yesterday in South Australia and Victoria. The shock was intermittent and continued for several minutes.

The secretary of state Monday issued a warrant for the surrender to Germany of Carl Volger, wanted in Prussia on a charge of arson, and now held at Keokuk, Ia.

The report that secret negotiations of great importance are being carried on between Spain and the United States in regard to Cuba is denied at the state department in Washington.

Last Monday he went to Cincinnati, spent all his money and had his watch stolen. He walked home Wednesday, brooded over his losses and told several people he was going to suicide. That night he left the farmhouse and has not been heard of since. It is believed that he has carried out his threat.

It is reported here that the king of Greece has summoned M. Delyannis in view of a possible cabinet crisis.

Condition of Mediation.
The conditions insisted upon by Germany, the chief of which is that Greece shall give her formal consent to the principle of autonomy for Crete will be accepted by the Greek government.

The note of the powers has not yet been presented, but it has been drawn and is to the following effect: Upon a formal declaration by Greece that she will withdraw her troops and agree to such an autonomous regime for Crete as the powers in their wisdom shall deem best and accept unreservedly the conclusions of the powers, they will intervene in the interests of peace. The note will probably be presented today after the German minister has received final instructions. It is understood that Greece in her reply will assent to all these conditions.

Premier Ralli and Minister of Foreign Affairs Skoloudis had a long interview late yesterday with Mr. Egerton, the British representative, which has caused considerable comment. It is believed to be connected with the expected intervention of the powers.

A dispatch from Domokos says that the heavy rains there prevent fighting.

Greek Fleet Leaves Volo.
LARISSA, May 11.—The Greek fleet has left Volo but the French, Italian and British guardships remain. The town is quiet and has been occupied by the Turkish troops. A considerable number of the latter have taken up positions on the surrounding heights. The bulk of the Ottoman army, however, have been withdrawn and is marching in another direction. All the heights commanding Pharsalos are now occupied by the Turks.

Edhem Pasha, the Turkish commander, all of his generals and a number of officers of lower rank have been decorated, and many of the Turkish officers have been promoted. A fresh division of Nizams armed with Mauser rifles have arrived here and will proceed to the front.

Retreat Was a Blunder.
LONDON, May 11.—Athens correspondent.

Thousands and thousands of men, without realizing it, are daily dancing to the music of death. It is a measure that ever grows faster and brings a man rapidly nearer and nearer to the grave. Too much work—too much business—too much worry. Too little time to eat and drink—too little time to recreate and rest—too little thought and care for health. These are the key notes of the dance of ill-health. The man who dances to them is soon in the grasp of general ill-health, and will speedily be in the relentless clutch of some fatal malady. It may be nervous exhaustion or prostration; some wasting disease, deadly consumption, or almost any ailment in the category of human ills. There is a sure, speedy, and permanent remedy at hand.

Ninety-eight per cent. of all cases of consumption, chronic, or lingering coughs and kindred ailments cured by Dr. Pierce's Golden Medical Discovery. It acts through the blood directly on the lungs, driving out all disease germs and building up new and healthy tissues. It builds firm flesh and makes rich, pure blood. It tones the nerves and brightens the brain. It invigorates the liver and makes the kidneys active. Druggists have nothing else "just as good."

"Last summer I was taken with diarrhea of the very worst kind," writes Mrs. H. Summerson, of a great deal, and for a time was better, but the trouble soon came on again worse than ever, and it went so long it became chronic. I doctored again and got worse all the time. I had no appetite, and was so run-down I felt badly all over. I took four bottles of Dr. Pierce's Golden Medical Discovery and three vials of "Pleasant Pellets." I am entirely cured."

PIERCE'S Constipation and Indigestion are quickly and naturally relieved by Dr. Pierce's Golden Medical Discovery and three vials of "Pleasant Pellets." I am entirely cured.

BICYCLE RACE.

Exciting Contest at the Wheelery Last Night.

An exciting and unique bicycle contest was witnessed at the Wheelery last night by a large number of people. Frank Kercheske went against Harry Hodapp and Albert Kauffman, two of Seymour's best young riders.

In each of the front windows was placed a "Success" wheel mounted on one of Myers home trainers. The wheels are exactly the same make and gear.

At 7:30 o'clock Frank Kercheske mounted one wheel and Harry Hodapp the other and the contest began. While the bicycles were stationary the pedals and rear wheels moved at a rapid rate. Hodapp and Kauffman alternated in heats of fifteen minutes each while Kercheske kept going the full hour.

When the first half hour was up the cyclometer on Hodapp and Kauffman's wheel showed 11 miles and on Kercheske's wheel 13 1/2 miles. At the end of forty-five minutes Hodapp and Kauffman had covered 17 1/2 miles and Kercheske 19 1/2. When the hour was up, Hodapp and Kauffman's cyclometer marked 23 1/2 miles and Kercheske's 25 1/2. The contest will be continued this evening.

Deafness Cannot Be Cured.

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When the tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out, and this tube restored to its normal condition or hearing will be destroyed forever, nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Props., Toledo, O. Sold by druggists, 75 cents. Hall's Family Pills are the best.

Themes Which Men and Women Discourse About on Street Cars.

A certain physician of this city, who never neglects an opportunity to study the traits of the people among whom his business takes him, has been making some observations recently that may serve as a basis for estimating the character of the average modern American.

"I have to travel on street cars a good deal," the physician said in explaining his course of procedure, "and I hear all kinds of people talk. A short time ago I thought I would keep a record of the words most frequently used within my hearing by people of all classes.

"I omit names, profanity and vulgarity, but otherwise this list, which represents one week's street car conversation, is absolutely correct. Here, then, is a summary of what married men talk about:

"Young men, unmarried: Corker, 502; daisy, 467; girl, 416; beauty, 391; fairy, 306; winner, 303; stunner, 284; hummer, 251; dance, 104; party, 87; old man, 88; fight, 79; money, 73; dollars, 60; no good, 42; cigarette, 31; college, 1; literature, 0; music, 0; art, 0.

We made a slight mistake a few issues ago, as it was John Lucas' house that R. W. Rose was working on instead of his farm. Mr. Rose asks us to correct this because his neighbors all know he will not make garden at home and he doesn't want them to think he is hired out to work on the farm.

Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed when the languid, exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fets. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Headache, indigestion, consumption, dizziness yield to Electric Bitters. 50c and \$1.00 per bottle at Wm. F. Peter's drug store.

The Best Remedy for Rheumatism.

From the Fairhaven, N. Y., Register.

Mr. James Rowland of this village, states that for twenty-five years his wife has been a sufferer from rheumatism. A few nights ago she was in such pain that she was nearly crazy.

She sent Mr. Rowland for the doctor, but he had read of Chamberlain's Pain Balm and instead of going for the physician he went to the store and secured a bottle of it. His wife did not approve of Mr. Rowland's purchase at first, but nevertheless applied the Balm thoroughly and in an hour's time was able to go to sleep. She now applies it whenever she feels an ache or a pain and finds that it always gives relief. He says that no medicine which she had used ever did her as much good.
